Dear Tabitha Jean ,

I am reaching out to you to announce the 2011 Life Science Industry Awards® and to tell you what that could mean for TabithaNaylor.com.

As a full-service market research firm that specializes in the life sciences industry, we understand how difficult it is to gain an audience with life science supplier company executives and decision-makers.

The Life Science Industry Awards® will be held in conjunction with Neuroscience 2011 on Tuesday, November 15, and will be a gala event that recognizes the "best in class" in over 25 product and service categories. This event will be an invitation-only gathering of over 200 executive, product and marketing professionals from a number of life science tool companies.

[Download our sponsorship brochure.](#)

In other words, the Life Science Industry Awards® is a rare event that brings manufacturers of "the tools of science" together in the same room.

We invite you to have your company promoted at the event as a sponsor, and for you to join us in a social evening that celebrates this hard-to-reach segment of your market.

I look forward to including you in this special event. Please call me if I can answer any questions for you.

Regards,

Tabitha Naylor
